

2018-2019 Annual Road Re-sheeting Program

Southern Mallee District Council has just commenced its annual gravel road re-sheeting program of works.

“The 2018-19 budget for Council’s re-sheeting program is \$806,000, which will see the renewal of 19 kilometres of road,” says Council’s Chief Executive Officer, Jason Taylor.

This year the re-sheeting works will be focused on the following roads across the Council area:

- Karte Road
- Mallee Hills Road
- Claypan West Road
- Orwells Road
- Schiller Road
- Oaks Road

“ The road re-sheeting program is a key component of Council’s overall capital works program and represents a significant part of Council’s commitment to maintaining and enhancing Council’s roads,” Works Manager Matthew Sherman said.

It is anticipated that works will be completed by April 2019, subject to weather conditions.

Safety will be a primary concern during these works and appropriate traffic management and diversions will be in place for each road. Council asks that all drivers obey the speed limits to ensure the safety of the construction team and other motorists.
