

Pinnaroo Columbarium Interments

The Pinnaroo Cemetery has three Columbarium Walls, the North Memorial Wall, South Memorial Wall and Central Memorial Wall. All walls offer a maximum of 1 interment per niche.

North Memorial Wall & South Memorial Wall

Each niche is designed for a standard rectangle ash cremation container. Niches are currently being allocated in the North Memorial Wall in consecutive order.

Central Memorial Wall

All sites in the Central Memorial Wall are reserved.

PLACING OF ASHES

Council must be contacted prior to an interment of ashes and an Interment Booking Application completed. If the family or funeral director are to place the ashes, it is Council policy that staff will not be present at this time. Council will open the niche prior and fix the plaque at the conclusion of the service. Alternatively, Council can place the ashes on behalf of the family.

PLAQUES IN THE COLUMBARIUM

The plaque is organised by the family, at the family's cost. You can contract any monumental mason for your plaque requirements. Once you have a proof of the plaque please submit the details, on the application form available from Council, for approval.

North Memorial Wall

The North Memorial Wall is designated for single interment plaques. Maximum plaque sizes is 125mm high x 195mm wide LANDSCAPE.

All application forms are available from the Council Office or website.

Pinnaroo Gravesite Interments

Council can help you through the interment (burial) process, please contact Council to complete our Interment Booking Application. Alternatively Council can work directly with your funeral director.

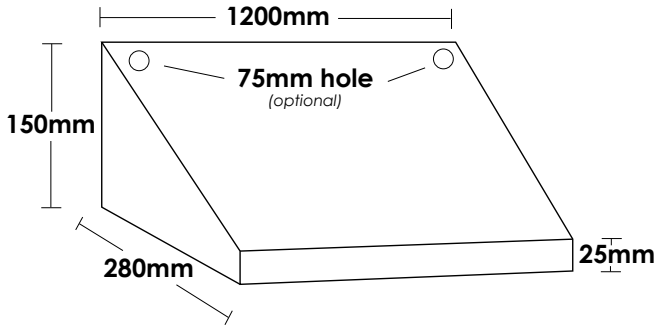

The Pinnaroo Cemetery gravesite has three designated sections, South Lawn, North Lawn and Traditional. Our gravesite plots are 1370mm wide and 2750mm long. These can be single or double depth and Council will prepare these on your behalf. It is possible to inter ashes into a grave, however Council must be contacted prior and an application form completed.

MONUMENT ON A GRAVE

To place a monument, headstone or plaque on a gravesite please complete an application form from Council. The monument must fit within the confines of the plot. You can contract any monumental mason for your monument requirements.

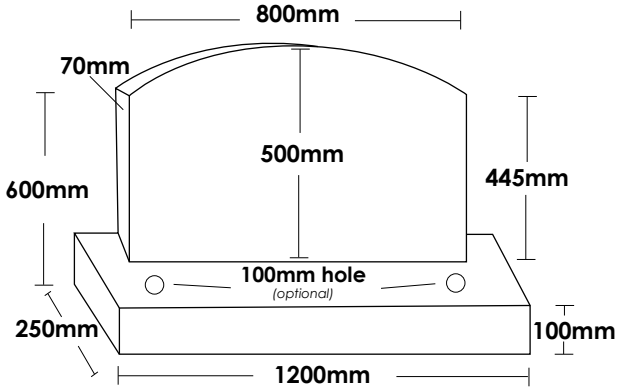

South Lawn

The south side lawn plots are designated for sloping headstones. Maximum headstone size is 150mm high x 1200mm wide x 280mm deep. The front edge of the stone needs to be set back 20mm from the edge of the concrete slab.

North Side Lawn Plots

The north side lawn plots are designated for upright headstones. Maximum headstone size is 600mm high x 1200mm wide x 280mm deep. The front edge of the stone needs to be set back 20mm from the edge of the concrete slab.

Traditional

The maximum headstone height in the traditional plots is 1800mm and must fit within the boundaries of your plot.

RE-OPENING OF GRAVES / MULTIPLE INTERMENTS

When the removal of a monument slab and headstone is required, Council will take all reasonable care not to cause damage, however, if a monument slab or headstone is accidently damaged during this process, Council will not be held responsible for any repairs.
