

Lameroo Columbarium Interments

The Lameroo Cemetery Columbarium has three sections, The Island, Internal Wall and External Wall.

Internal Wall
Offers a maximum of 4 interments per niche.

The Island
Offers a maximum of 2 interments per niche. All sites in The Island are reserved.

External Wall
Offers a maximum of 2 interments per niche. Niches are allocated in numerical order.

PLACING OF ASHES

Council must be contacted prior to an interment of ashes and an Interment Booking Application completed. If the family or funeral director are to place the ashes, it is Council policy that staff will not be present at this time. Council will open the niche prior and fix the plaque at the conclusion of the service. Alternatively, Council can place the ashes on behalf of the family.

PLAQUES/HEADSTONES IN THE COLUMBARIUM

You can contract any monumental mason for your plaque requirements. Once you have a proof of the plaque please submit the details, on the form available from Council, for approval.

The Island & External Wall
The Island and External Wall are designated for plaques. Black marble stone is supplied by Council however the inscription plaque which is placed on top is organised by the family, at the family's cost. Maximum plaque size is 290mm x 239mm LANDSCAPE.

Internal Wall
You can choose to install a headstone or a plaque. Headstone size restrictions for the Internal Wall are 800mm high x 920mm wide (8 bricks) x 240mm deep . The plaque or headstone is organised by the family , at the family's cost.

All application forms are available from the Council Office or website.

SOUTHERN MALLEE
DISTRICT COUNCIL

LAMEROO
CEMETERY

The Lameroo Cemetery is located 2km east of Lameroo on Yappara Road.
Please contact Council to organise a site or an interment.

Site Interment Rights

To organise a site at the Lameroo Cemetery, you must take out an Interment Right. Council has gravesite plots or columbarium niches available and our Interment Rights are issued for perpetuity.

Please contact Council to help you select a site and complete the application form. If you have an existing Interment Right, and a transfer of ownership is required, please contact Council.

Lameroo Gravesite Interments

Council can help you through the interment (burial) process, please contact Council to complete our Interment Booking Application. Alternatively Council can work directly with your Funeral Director.

The Lameroo Cemetery gravesite plots are 1370mm wide and 2750mm long. These can be single or double depth and Council will prepare these on your behalf.

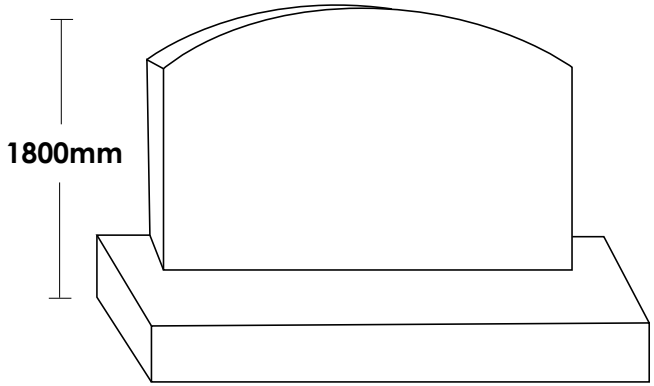

It is possible to inter ashes into a grave, however Council must be contacted prior and an application form completed.

MONUMENT ON A GRAVE

To place a monument, headstone or plaque on a gravesite please complete an application form from Council. Maximum headstone height is 1800mm and the headstone must keep within the confines of the plot. You can contract any monumental mason for your monument requirements.

RE-OPENING OF GRAVES / MULTIPLE INTERMENTS

When the removal of a monument slab and headstone is required, Council will take all reasonable care not to cause damage, however, if a monument slab or headstone is accidently damaged during this process, Council will not be held responsible for any repairs.
