

Commercial Centres Revitalisation Project Update #17 - December 2021

Pinnaroo Village Green Project (PVGP)

Stage 1 works are close to completion. Over the last month construction around the war memorial has progressed well, with the design reinvigorating the surrounding area.

The north south path is complete, and the landscaping works continue to progress well with the addition of more turf, trees, and plantings.

A new shelter has been constructed which will provide a great social space for the community to utilise as well as visitors to the town.

The detailed design for Stages 2 & 3 continues to progress well with the 100% design expected to be presented to the Steering Committee in the new year.

Lameroo Town Centre Plan (LTCP)

On Tuesday 9 November a morning tea was held at the playground to celebrate the completion of Stage 1. The event was attended by the LTCP Steering Committee and Elected Members, with the project team thanking everyone for their contribution to the project.

It has been rewarding to see the community enjoying the playground, pump track and dog park. We look forward to progressing the Stages 2 and 3 design.

Commercial Centres Revitalisation Project Funding (CCRP)

Stage 1 is funded by the Commonwealth Government Department of Industry, Innovation and Science (Commonwealth Drought Extension Programme).

Stages 2 and 3 are funded by the Commonwealth Government Department of Industry, Science, Energy and Resources (Building Better Regions).
